RUMANIANS REPORT PROGRESS IN ELECTRIFICATION

ELECTRIFY TELEORMAN REGION -- Bucharest, Romania Libera, 19 Dec 51

Since the new electrical energy stations were constructed in Rosiorii-de-Vede, electricity has been furnished to the outskirts of the city for the first time. The local farm workers volunteered during the past year to electrify over 20 localities in the Teleorman region. By the end of the year, it is expected that Contesti and Draganesti will also be completely electrified.

JITIA GETS ELECTRICITY -- Bucharest, Scanteia, 5 Dec 51

A new electrical network has been constructed in Jitia, bringing current to the local schools, dormitory, town house, cooperative, and culture center of the city. Since Jitia is an important timber center, this improvement is of special importance.

CONSTRUCT SMALL-SCALE ELECTRIC STATION -- Bucharest, Romania Liberia, 19 Dec 51

Workers and engineers of the Regional Electrical Enterprises of Sibiu have constructed a small-scale electric station of the Sokolov type at Cetatea-de-Balta.

Due to the excellent results obtained in Cetatea-de-Balta, the Sokolovtype turbine will be used in the electrification of additional villages in the Mures and Sibiu regions.

FURTHER ELECTRIFICATION OF TOWNS -- Bucharest, Romania Libera, 27 Nov 51

Intensive work has been accomplished in the electrification of Arara, Andrasesti, Moldoveni, Rasa, Dorobantu and Radulesti. The farm workers were mobilized as "deputees" and later volunteered to transport the necessar materials and dig the ditches. This work was sponsored by the Executive Committee

VOLUNTEERS WORK TO ELECTRIFY STEFANESTI -- Bucharest, Viata Noue, 30 Nov 51

Since the electrical installations were destroyed during the last war, the people of Stefanesti have had no electricity for many years. The Communal Popular Committee therefore volunteered to provide the necessary labor for the reinstallation of electricity. Up to the present they have erected 80 poles on a voluntary basis.
